

The background of the poster is a photograph of a snowy, mountainous landscape at dusk or dawn. The sky is filled with soft, orange and yellow light, suggesting the setting or rising sun. In the foreground, there are snow-covered hills and a body of water. A white, geometric line-art graphic, resembling a constellation or a stylized map, is overlaid on the upper right portion of the sky. The text is centered in the lower half of the image, overlaid on a semi-transparent dark band.

Northern Lights

December 10th Weekend | Old Harbor
| Reykjavik, Iceland | 2011

Mission

Statement

Northern Lights is a collaboration between Icelandic and international artists, between local arts organizations and global festivals, which will transform Reykjavik's old harbor into a site-specific, experience-based expression.

Blending film screenings and projection mapping, live musical performances and interactive installations, we will explore our inter-connectivity and discover what light can be produced in the dark days of winter.
